

Workshop Agenda

You get a brief introduction into Sacred Geometry, the basis for the Light-Life™ Tools. You will learn about the history, how Slim came to discover the first ring, and how the other tools developed.

You will learn how the tools are used for healing, cleaning the environment and for agricultural applications. We show you the tools we sent to the Gulf of Mexico to support the clean up there.

You will get demonstrations on how to use the Light-Life™ Tools, and then an opportunity to experience all the tools. There will be enough time to work with each other and enjoy a session with tools.

There will be an opportunity to watch an interview with Slim on DVD.

Those who are new to this work will be amazed and inspired by Slim Spurling's inventions, the Light-Life™ Tools.

Those who know about the "tools" will get a chance to see the latest inventions that were inspired by Slim after he made his transition.

We invite you to join us!

This "Hands on" workshop is a must for Healers, Body-workers, Feng - Shui Practitioners, Gardeners, Ranchers, Farmers and Environmentally Conscious people looking for alternative solutions based on solid, proven results.

Slim Spurling was a long time Colorado resident, and an internationally recognized dowser and inventor whose subtle energy research led him to develop the Light-Life™ Technology. This technology has the potential to clean up 80 % of the pollution on the planet as well as assist you to enhancing your well being.

*Come and be inspired to enjoy living in a new way in a new world with the **Light-Life™ Tools**.*

Workshop Presenter

Katharina Spurling-Kaffl was born in Bavaria, Germany. Her professional life ranged from Pediatric Nurse to Finance Manager and includes extensive experience in creating and presenting workshops and seminars on different subjects.

Katharina and Slim married in May 2001. Katharina managed the business to free up Slim to focus on his research work. They traveled together to workshops and conferences where Slim was a sought after speaker.

Katharina incorporated in 2003 as IX-EL, Inc. in order to distribute the Light-Life™ Tools world wide. IX-EL Inc. is the only authorized manufacturer for the Light-Life™ Tools.

Since Slim's passing in November 2007 Katharina is continuing with his research work as well as educating people about the applications of the Light-Life™ Tools. Her dedicated team takes pride in continuing the manufacturing of the tools as taught by Slim. He keeps inspiring the team with new ideas as well as helps them improve their craftsmanship.
