

WHY ATTEND?

- ❖ Are you looking for alternative noninvasive ways to relieve discomfort?
- ❖ Are you concerned about the state of your environment and are looking for ways to improve it?
- ❖ Are you interested in a better way to continue a healthy lifestyle?
- ❖ Are you looking to start a side business?

YES?

Then this workshop is for you. You will learn:

- ❖ How to improve physical and emotional health
- ❖ How to energize your food and water
- ❖ How to effectively combat air pollution
- ❖ How you can become a distributor for the Light-Life Tools and much more

THE STORY

Slim Spurling is the creator of the Light-Life Tools. He was an artist, scientist, and inventor who studied the art of blacksmithing for twenty years, which served as his introduction to alchemy. With this knowledge and his studies of subtle energies and quantum physics (including the work of Wilhelm Reich and Nikola Tesla), he created the first Light-Life Ring in 1991. From there, his range of tools grew. His passion was to create wellness for people, specifically by reducing air pollution and restoring water and soil. Slim passed in 2007, and his dedicated wife Katharina continues his legacy with her loyal team, following the guidelines Slim used for their original creation. It is our intention that you learn and benefit from the Light-Life Tools in every aspect of your life and use them to create harmony and wellbeing for your world.

ABOUT

Our workshop is a one day event with Katharina Spurling-Kaffl, the wife of the late Slim Spurling, the creator of the Light-Life Tools. For the past 20 years Katharina has been an energy worker utilizing the Light-Life Tools. After Slim's passing in November of 2007 Katharina continued with their work. With the support of her loyal team she still manufactures Light-Life Tools according to Slim's guidelines, applying Sacred Geometry and Quantum Physics. They are also creating new Light-Life Tools in order to facilitate the changes we as humanity are going through.

Katharina will introduce the history of the Light-Life Tools and give you an opportunity to experience them first hand. You will see new Light-Life Tools that are only presented at workshops.

This workshop is "Hands On" with an open format. Participants will learn from Katharina and other participants as they share their experiences with these Tools.

After the applications are taught, there are opportunities for Empowerment Sessions with the Light-Life Tools. Katharina will demonstrate one, and participants practice with each other what they have learned.

We recommend not drinking alcohol for 24 hours before and up to 48 after the workshop.

DATE & TIME

Saturday, November 11, 2017
9:00 am – 5:00 pm

Location
3182 Tipple Parkway
Erie, CO 80516

Workshop Fees
